## Tips:

- Cut the 3 ovals with the framelits die. Use the 3 smallest framelits. Use post it notes to hold the dies in place while cutting.
- Brayer the doily with the Island Indigo ink. Remember to use a "lift and roll technique" to ink up the brayer.
- Watch my "Brayer Basics" video at <http://youtu.be/ce0FQQcRJDY>
- Punch a hole in the centre of the doily to make it easier to manipulate.
- Stamp the saying in Island Indigo ink on the smallest oval. Attach to Island Indigo mat. Attach to larger vanilla oval with dimensionals.
- Put adhesive all round the edges of the large vanilla oval.
- Attach the doily by starting at the 2 ends and the pleating and ruffling in the edges until it forms an oval shape.
- Put the crumb cake piece through the Big Shot with the embossing folder.
- Run adhesive along the entire piece of Island Indigo ribbon and lay it across the card. Do the same thing with the vanilla ribbon. Secure at the back.
- Attach the doily/saying piece to the front of the card with dimensionals.
- Use your paper piercing tool to add rhinestones to the front of the card.

### Tips:

- Stamp the butterfly with versamark ink on the shimmery white cardstock
- Spoon some silver embossing powder in "lines" along the image and tap off excess.
- Spoon some gold embossing powder in "lines" along the missing parts of image and tap off excess.
- If necessary brush off excess powder. If you want to "redo" a portion, gently brush off existing powder and add the new colour. Throw this contaminated powder away.
- Be sure to give the image a good tap or flick to get rid of any excess powder and then use the heat tool to heat set.
- Stamp the words with versamark ink and sprinkle with gold embossing powder and heat set.
- Use the Large oval punch upside down, to see and centre the saying, and punch it out.
- Sponge soft suede ink around the edges of the oval.
- Assemble the layers. Pop the saying up with dimensionals.
- Add 2 way glue and dazzling diamonds glitter to various parts of the butterfly.
